

To whom it may concern,

On Friday October 21, 2022, at around 4pm I had just finished my flight lesson with Get Inspired Flight, Inc.. It was about 4pm and proceeded to the Airport Office restroom of the Pickens County Airport. While in the restroom I could hear a conversation between the aircraft mechanic that occupies the hangar next to my instructors hangar talking to the airport manager.

I wasn't paying much attention to the conversation until "I heard the mechanic say 'Laura'". I knew this was my instructors wife. He said they had some kind of Court hearing.

He said that my instructor was stealing screws and other things.

I took the action of recording this conversation with my phone because I thought it was probational. I played it to David, my instructor and forwarded it to him.
